## L.G. CHAMBER TO TAKE Speeder Captured After 100 Mph Chase

### NO INCORPORATION POSITION AT PRESENT

The Lemon Grove chamber of Commerce passed a resolution Feb. 7 at its regular board meeting stating that it would take no position regarding incorporation at present.

The resolution was requested by Chamber President B. C. Hesser because of apparent confusion existing among residents and chamber members, he said.

A straw vote poll, conducted by the chamber late last year asking for opinions on local government resulted in a vote of 105 to 67 for incorporation. At that time the L.G. Coordinating Council agreed to spearhead a movement for incorporation if the various members of the Council should indicate such a wish. The Council meanwhile had collected information on local government but the issue has not gone beyond the study-and-talk stage.

Recent news stories in San Diego newspapers regarding incorporation activities "upset some of our officials and members," Hesser said.

One of the by-products was the resignation of Edwin Koester, C of C manager whose letter dated Jan. 16, was read to the board.

He cited the chamber's decision to support the Coordinating Council's incorporation action wherever it might lead as "incompatible with my belief." The letter was labeled "unacceptable" and a committee visited Koester to request reconsideration.

Koester later relented and went back to his duties as chamber manager.

The Coordinating Council will continue its study of local government," Dr. Dennis McLaughlin, Council president said.

### ZONING VARIANCE APPROVED FOR L.G. LUTHERAN CHURCH

SAN DIEGO (CNS) — The L.G. Lutheran Church finally won the special use zoning permit Friday.

Church authorities submitted a revised plan for a new auditorium and church additions on its property at 2065 Skyline dr., at the intersection with Alton drive.

The permit was issued on condition that the church give the county 42 feet on Alton dr. and 50 feet on Skyline drive.

### GUEST HOME PERMIT DENIED IN L.G.

SAN DIEGO (CNS) — A special use permit sought by a Lemon Grove couple to take paying guests into their homes was denied Friday by the County Planning Commission.

The applicants, Ted and Alma Arrington, asked for a permit to have four paying guests at 3244 Central avenue.

A petition signed by 15 neighbors opposed granting the permit, and the commission vote of denial was unanimous.

Highway Patrol Officer Darwin Hassell

A letter in track and cross country assisted an alert and persevering officer of the California Highway Patrol to apprehend an AWOL sailor in a combined auto and foot race which began in Lemon Grove at the corner of Broadway and Buena Vista Saturday night.

The officer, Patrolman Darwin Hassell of Clairemont, who is "beat" officer for the Lemon Grove-Spring Valley area, also chalked up the recovery of a stolen late-model Cadillac after he nabbed the juvenile whose name was withheld.

Officer Hassell, on a routine patrol, attempted to stop the Cadillac because its lights were not on. The driver became frightened and drove through a gasoline service station at the Broadway-Buena Vista corner at a high rate of speed with the police car in pursuit.

The driver turned east to Imperial, then south at speeds in excess of 80 miles an hour, turned north at the Imperial-Euclid intersection and ran a red traffic signal at 54th and University at 60 miles per hour.

Between University and El Cajon blvds., speed of more than 100 miles per hour was reached. At 54th and El Cajon the stolen vehicle ran the red light at 75-80 miles an hour, narrowly missed a vehicle in the intersection, sideswiped a parked vehicle and blew out the right front tire. The car was able to proceed to 54th and Collier where the driver leaped from the vehicle and fled into a canyon with Officer Hassell pursuing him on foot. An officer from the S.D. Police joined the chase. Hassell's La Jolla high school letter award paid off. He caught the young sailor in the heavy brush after an arduous chase.

The sailor admitted the theft and to being AWOL. He was placed in Juvenile Hall for hit and run, reckless driving and auto theft.

Officer Hassell, was back on the job as usual next shift, but something new had been added. He had received a commendation for his alertness and diligence by Patrol Commander Captain Roland Gautsche.

Hassell and his wife, parents of a six months old son, James, live in Clairemont.

## L.G. Man Named 'Boss of the Year'

**BEST BOSS — O. L. Carpenter, owner of a building contracting business at 8095 Imperial ave., L.G. has been named "Boss of the Year."**

Carpenter, who has built many area high schools including Mt. Miguel, Helix high, Monte Vista, El Cajon high and El Capitan, was selected as "best boss" at a dinner given by the S.D. Chapter, Women in Construction at the Town and Country hotel Wednesday night last week.

One of the most noted school construction contractors in southern California, Carpenter has also gained considerable attention locally for the camaraderie that exists between the "best boss" and his employees.

Carpenter was given the group's "bull whip" which he will pass on down to next year's winner. He employs an average of 75 persons.

One hour of farm labor produces four times as much food and other crops as it did in 1919-21.

## Rock-Throwing Kids Play 'Hit The Auto'

Two 12-year-olds from Spring Valley were playing a target game of "hit the auto" at 7:30 Tuesday night. They stood on the south side of Campo road near S. Granada and heaved rocks at westbound traffic. A hit was occasion for great rejoicing, except by the victimized motorists. One of them, Franklin Baker, 8545 Troy st., S.V., complained to the sheriff's department that his car had been hit, damaging the windshield which was of tinted glass and would cost \$100 to replace. Investigators found numerous rocks and pieces of glass at the scene. Baker said he got out of his car and searched the area but could find no one.

The deputy sheriffs finally unearthed the two culprits, who admitted to the game and also admitted the throwing of lemons taken from private groves of George L. Varley, 3545 So. Granada, S.V. Mrs. Varley had also put in a complaint to the sheriff's office about the lemon stealing.

The youngsters were released to their parents.

## HALF ACRE VARIANCE REQUEST GRANTED IN S.V.

SAN DIEGO (CNS) — A zoning variance sought by a S.V. couple, Harry and Mary Lewis, to be allowed to build on a 1/2 acre of 19,600 square feet was granted Friday by the County Planning Commission.

Their property is at the corner of Lamar street and Vista drive where zoning requires a half acre.

Persons 21 and older are eligible for chest X-rays.

## Master Plan For L.G. Park OK'd

SAN DIEGO (CNS) — A master plan for the development of Lemon Grove Park was approved Tuesday by the County Board of Supervisors.

The plans call for the intensive development of about six acres at Washington and Mt. Vernon-Alton a picnic area, a children's play field, and an area for ceremonies. Copies of the plan are being sent to all county departments for comment.

Local citizens have been pushing for the park several years and some of the park property has been donated.

## Owner Denies Part In Market Fire

### 'No Profit In Fires' Lewallen Says Following Charge Of Arson

By Max Goodwin

A Lemon Grove market owner who is a long-time deacon and elder in the Presbyterian church, denied this week that he had any involvement in starting a fire which caused \$17,000 damage to it Nov. 26.

The man is M. H. "Mac" Lewallen, operator of Mac's Monterey Market at 1827 Englewood dr., L.G.

It was the second fire in a year in the market, the first causing \$26,000 damage in May. Lewallen made the denial to this newspaper after the district attorney's office last week had charged him with starting the second fire himself.

**ARRESTED WEDNESDAY** — He was arrested Wednesday night and released after posting \$1,000 bail. He entered a plea of not guilty Tuesday and trial set for March 9.

The DA's office had accused Lewallen of starting the second fire to collect the insurance.

"My bills were paid and I am solvent," he said. My business was normal for this time of the year. The business has always made a comfortable living for me and my family. It is incredible that the fire inspector would make such a charge." The inspector is Harvey French, well known fire insurance investigator who operates out of Orange, Calif. There has been no indication that flammable chemicals or liquids were near the site of the fire, it was said.

**NO PROFIT POSSIBLE** — Lewallen said that there is no possibility of profiting by fires such as his. "The insurance company would not pay for a fire such as this." (Continued on Page 3)

## The DIMMER VIEW

by MAX GOODWIN

### Vignette Of A Congressman

Jim Bear, the staunch Democrat who is uncorking for a go at the 77th Assembly district election, charged a few days ago that the Democratic Endorsing Convention to be held Monday, was "rigged against (us), Conservative Democratic candidates."

Strange words, these, we think. We can remember when rigging was strictly a Republican ploy, and used only in relation to the governorship. (Knight-Knowland and Nixon-Knight, as examples.)

Bear, who twice ran second to Jack Schrade in the good old days when assembly districts were only slightly rigged for the Democrats, qualified his charges by pointing a ragging finger at "certain downtown party members, and a lawyer who recently moved to S.D. from L.A. (who) have been working to defeat such conservative democratic candidates as Sheridan Hegland and Jim Bear."

We talked to Sheridan Hegland at the Calif. Newspaper Publishers Association convention during the weekend in Coronado.

"Your honor," we said, using that term because we were not certain whether "Congressman" or "Assemblyman" would have been a better alternative, "is it true that the Democratic Endorsing convention is being rigged against you and Mr. Bear as Mr. Bear charges?"

"You may say for me that I categorically deny any such charges; past, present or future about the Democrats, Republicans, Federalists or Whigs," he shouted waving his arms about like the rotors of a slowly rising helicopter. "What's more I deplore anyone suggesting that I am making an accusation against anyone, unless they are attacking schools, motherhood, the U.S.A. or churches."

An unnamed publisher, standing nearby, said there was an increasing number of Democrats trying to stand in the conservative shadow cast by Mr. Hegland, but Mr. Hegland just kept on speechifying.

## Anti-Communist Petition Started

**TO OUTLAW COMMUNISM** — B. C. Hesser, Lcdr. USN (ret.), president of the L.G. chamber of commerce, past state commander of Veterans of Foreign Wars, and operator of the Hesser Stevens real estate co., is the first L.G. citizen to sign an anti-subversion petition being circulated in the area. Looking on at left is Dr. Frank Phillips, a L.G. chiropractor, who is section chairman for the Californians' Committee to Combat Communism.

Dr. Phillips' section covers Lemon Grove, Spring Valley and La Presa. The Committee is an unaffiliated group of patriotic citizens seeking 420,462 valid signatures of registered voters. The signatures would place an initiative on the November ballot by which communism would be controlled in California.

## Monterey Heights PTA Honors Mrs. Spisak

Mrs. Charles Spisak, music chairman for Monterey Heights PTA received the Honorary Life membership at the February PTA Founders Day program of Monterey Heights School PTA.

Each year this honor is conferred upon an individual in special recognition of outstanding service to children and youth.

Mrs. Spisak has given many years to PTA, church, Girl Scouts, and Goodwill Industries, the PTA said in awarding the distinction. She also contributed much to youth in the field of music.

A Founders' Day skit entitled "Court of Dreams" under chairmanship of Mrs. M. E. Sawyers, was presented during the school's Founders' Day program. Also, musical selections were presented by Mt. Miguel girls ensemble, which is under the direction of Robert Boucher.

The meeting was concluded with the traditional cutting and serving of the Founders' Day cake.

## S.V. Man Files For Congress

A Spring Valley resident, Daniel B. Thomas, 34, of 10022 Diversion st., has announced his candidacy for Republican nomination in the 37th Congressional district.

Thomas is co-owner of a state-wide chain of serve-yourself gasoline stations, owner of an El Cajon trailer park and is president of an aviation business and a music publishing concern.

Thomas said he believes that America's foremost problem today is not to be found among the wailing disarmament supporters, the co-existence fans, or the backers of peace-at-any-price.

"Our problem is the cause of freedom for all men everywhere. And whether we like it or not, it has fallen our lot to be the leader of the free world toward that destiny. My primary concern is the rights of the individual. Every man should be able to stand tall and straight with dignity as a spiritual being. God made us free, not to be stooped by the chains of overtaxation, or bound by the fetters of tyranny."

Dick Wilson, a Chula Vista insurance man, has already filed for the GOP nomination.

Lester charges that Bridlen was using the restroom at Lindo Park, Lakeside at 3 p.m. Feb. 6, and that there had been complaints received of sex deviates loitering about the rest room. He said his attention had focussed on the man when he saw him park his auto in front of the rest room, and that the car was still there a half hour later. He decided then, he said, to investigate. Bridlen was taken to the county jail and booked.

**\$275 WORTH OF FORGETTERY**  
Charles Sheets forgettery cost him \$275 in cash at the hands of a burglar interested in the new neighbor. Sheets was moving from Spring dr., S.V. into the house at 8317 Broadway, L.G. He had taken numerous boxes and packages to the new residence and spent Sunday cleaning and waxing floors.

When he returned the next day he found nine cardboard cartons containing clothing, bedding and mechanics' tools, were gone. Also \$275 taken from the pocket of his pants he had left hanging on the knob of the bathroom door, where he had hung them when he changed to do the cleaning and waxing. He was going to pay bills with it. Also gone was a 30-30 rifle which had been left in the garage. Some precious Four Roses and Seagrams fifths were removed from a packing box in the dining room.

REFUTES CAR STRIPPING REPORT

A report in this newspaper concerning a brand new Corvette, found completely stripped in Lawson Valley in Dec., and which resulted in eight juveniles being picked up, brought a retort from a family member of one of the youths. Lynn Chenoweth's mother identified her son as the youth who returned to the sheriff's dept. two tires, two wheels and the tail lights from the car after the sheriff's dept. placed a telephone call to the youths' home on Hwy 94, S.V.

Letters TO THE EDITOR

Dear Editor: I am writing to you regarding the Casa de Oro area. I would like to say that the place I have in mind building would be high class and far from a detriment to the area.

My cocktail lounge, the "Chez When" would be located at the Casa de Oro shopping center. It would be a nice, congenial place for people around here and much more than a beer bar.

Among its features would be a revolving stage for family type of entertainment. The atmosphere of the place would be in extreme good taste.

In reply to my opposition, I would like to say that it is my intent to contribute to the proper growth and development of the area. Cocktail lounges, with entertainment and serving cocktails do not have a history of ruining a community's morals.

BOYS IN JAM FOR STEALING, BREAKING BOTTLES

Two 15-year-old boys of south Spring Valley were apprehended Monday on a charge of malicious mischief and possible burglary. They were reported to the sheriff's dept. by Oscar's Drive-In, Spring Valley Shopping Center, with breaking soft drink bottles in the Shopping Center parking lot. Apprehended, the boys admitted to the breakage and were made to clean up the broken glass. They were released to their parents.

One of the boys is an alleged suspect in a burglary committed at the residence of Harold Eugene Patz, 8425 Garwood court, Spring Valley. Patz told sheriff's deputies that unknowns removed eight cartons of bottles from his garage. That he had located the empty bottles, by the dust and grease on them, in the bottle rack at the Thriftmart on El Kelton Blvd.

The cashier who paid the boys, said one of the bottle cashiers lived near Patz.

## Owner Denies Part In Fire

(Continued)

ance firms had the entire inventory there to check. They pay only for the smoke, fire or water damaged merchandise, and they pay only the whole-sale cost. There's more chance for substantial loss than even a small profit, he added.

Lewallen lives with his wife and son at 8550 Gatedale rd., La Mesa. (The couple has another son who is a teacher's assistant at UCLA.)

Investigation by the L.G. fire dept. showed that the fire started in two spots in an area 9 by 20 feet. The store was closed by Lewallen and a clerk at 5:58 p.m. the owner said. The L.G. fire department got an alarm at 6:12 p.m., records show. The fire department claims its first unit arrived at the scene, about a mile away, two minutes later.

PAID \$26,000

Lewallen collected \$26,000 in May for the first fire which started in the same general area and was attributed to short circuit of electrical wiring.

Lewallen operated Shephard's market on Broadway in Lemon Grove about 12 years ago and was one of the early members of the L.G. Kiwanis club. A year later he moved to his present location and has been operating that successfully for the past 11 years. During that time he has been regarded as a sound and ethical business man.

He and his family have been active in the Trinity Presbyterian Church in Spring Valley. About a year ago the family transferred their activity to the First Presbyterian Church at 4th and Date sts., S.D. where he is now an inactive elder and a deacon.

## The DIMMER VIEW

(Continued)

Be that as it may, we pursued the Bear charges to the downtown Democratic lair.

"What about the Convention being rigged against Mr. James Bear and other 'conservative' Democrats, we innocently asked.

There must have been a bad connection because much of the answer was lost in loud popping noises that sounded like a combination of static and doubletalk. It came out as though someone was repeating a phrase which approximates "outrigging a rigger when the rigging became unriggered." It was all simply confusing . . . and sad.

Sad, because of the picture we still have of a grown man crying, and sputtering, and waving his arms as Hegland stood there in the huge lobby of the hotel del Coronado apparently overcome by the new concept of conservative democracy.

## 'Strike For Peace' Can Lead To War

By Golly, we're glad the "General Strike For Peace" is over.

Most everyone knows it ran for a week from Jan. 29 through Feb. 4 during which people were encouraged to refrain from buying any goods or services during "Peace Week." They were also encouraged to avert giving services or selling wares as best they could during this period. The "strike," or "boycott" was to show dramatically, by non-violence, the determination of the strikers to prevent war. Peace is possible without dependence upon the military for solutions for economic, social and political problems, the sponsors state. The boycott was their way of making a point.

From what we were able to observe, a lot of strikers were following instructions. The bookkeeper in our office reported to us that collections were slower than usual this month. Actually, they couldn't have been much slower without having come to a dead stop, but the message was clear. Some of our debtors were striking. In another instance, we issued a check to one of our creditors. He said the check, covering an overdue debt, never reached him. We tried to tell him that his postman might be a member of the peace strike. He's an odd man; he disbelieved us.

Our youngsters who are in elementary school did rather poorly during the week and our boy-child got called down each day, it was reported. Either the teachers were on strike, or the kids had organized a boycott. Both possibilities need further exploration.

A couple of the evening meals at home were not up to par and the little wife didn't show as much bounce and vigor dishing it out as our favorite restaurant waitress (especially when we leave a bigger-than-usual tip). A perfect example of how we innocent suffer at the hands of the boycotters. Come to think of it, little wife's osculatory greetings when we got home from work each evening last week seemed less enthusiastic than it was during our honeymoon.

Do you suppose she . . . ?  
Say, this Strike For Peace movement has got to stop!  
It's strictly Unconstitutional!!

# Monarchs Beat El Cajon Defeated 46-41 By Helix Hi

by Bill Ott

Monte Vista was slow-starting last week in basketball activity, but the Monarchs managed to scalp El Cajon Tuesday afternoon, 55-42, but in Friday night's feature with Helix, the outcome was reversed as the Spring Valley charges tumbled, 46-41.

Hosting the winless Braves the Monte Vistans battled to a 38 first quarter tie and pulled away with 19 points in the second stanza for a 27-17 sum at the halftime intermission. The Monarch posted 12 more points in the third period while the visitors managed 9 for a 39-26 scoreboard reading at the

end of the third period. Both teams hit the hoops for 16 points in the final eight minutes and the Monarch emerged with victory six in league play. Bob Anderson burned the nets with 21 points for the winners while teammates Stan Landis and Lyle VanNorman tallied 13 and 12 points respectively. John Savoy was tops for the winless Braves with 10 points.

In Friday night's fray with Helix on the Mt. Miguel planks the Monte Vistans had a hard time scoring and trailed 11-4 at the end of the first quarter. With their offensive problems still hampering them the rookie

school fell behind at the half, 24-9.

Coach Bill Gillespie must have had some kind words for the Monarchs as they returned in the third period and outscored the Highlanders 12-9 trying to close the margin the Scots built up. The Monte Vistans carried their hot pace into the final period and netted 20 points, while holding the La Mesa cagers to 13 points with a zone and press defense, but this was not enough to overcome the huge margin Helix tallied early in the game.

## FOULS GALORE

The razzle-dazzle affair was marred by 41 personal fouls with the winners guilty of committing 23. Three Helix players finished their playing time early in the second with fouls. The losers scored 20 points from the charity line and missed on occasions in the clutch when there was a 1-and-1 situation.

George Engle grabbed scoring honors for Helix with 14 points. George Gray popped the nets for 13, and Anderson and VanNorman each added 10 for the losers.

Monte Vista hosts fast rising El Capitan Friday night, and travels to Coronado for a non-league bout with the Islanders Wednesday evening.

## S. V. Chamber Sets March 5 Meeting

The Spring Valley Chamber of Commerce board of directors at their Monday night meeting devoted to call a special meeting Mon., March 5 at 8 p.m. in the chamber hall, for the purpose of getting together all the business and professional people in the Valley. At the meeting there will be speakers and discussion on business problems which today are facing local merchants and professionals. It will also be brought out that more cooperation should be had among the B and P persons and the chamber.

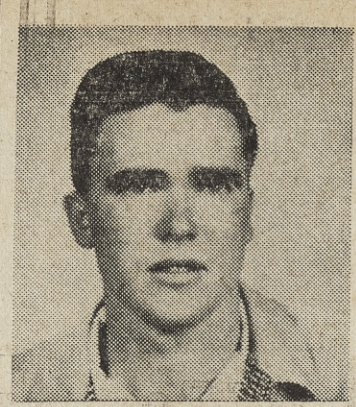

In other business, the board voted to send a letter to the Grossmont Junior College District, stating that the chamber board does not go along with the \$7,500,000 bond issue for the Fletcher Hills college site. The board does contend that it will go along with a \$6 million bond issue, and that it is definitely in favor of a Monte Vista site for the proposed junior college. It is felt by the board of directors of the chamber that \$7,500,000 is too high.

The chamber of commerce received a letter from the "Fairness of the Fair" 1962 devoted to asking if the chamber of commerce will sponsor a contest and an entry this year. The chamber board voted to sponsor a contest and a "Miss Spring Valley of 1962." The contest to choose a "Miss Spring Valley" will be held sometime between March 12 and 31. Details will be given later.

There were two items of business regarding chamber secretaries: 1. Mrs. Betty Seymour Robinson, who has been the corresponding secretary for the past few months, sent in her resignation. She said other activities and a need for more rest have caused her to resign. Her resignation was accepted with regrets. No successor has been named; 2. Dean Russell, living at 917 Broadway, in the south Spring Valley area, was accepted as the new recording secretary, after he volunteered to act in that capacity until the spring election is held.

## WHAT'S DOING

Sid Mansfield, your telephone manager in Lemon Grove

JANE ADAMS

Jane is one of the Telephone Company's La Mesa Business Office Representatives. She is helping the public get used to the new dialing system.

People often ask me what are telephone area codes. Well, here's the answer. The country is divided into telephone areas — each has a different number called an "AREA CODE." This code is a vital part of the country you live in. Here in the Lemon Grove-Spring Valley area, for example, the Area Code is 714.

You don't have to use an area code if you're calling a telephone number located in the same code area as yours. But when you dial another area, it's necessary to dial the area code — then the rest of the number. Our operators too must dial area codes. If you place a call with the operator, giving her the area code first will help in putting your call through faster.

Another question I've been asked is why do so many men who work for the phone company wear glasses? Fact is, they may have perfect vision, and we want to keep it just that way.

The glasses telephone men wear on the job are individually fitted safety glasses. They look like ordinary ones, but they're specially made so they won't shatter.

Protective glasses may not seem like a very dramatic safety feature. But they can be every bit as important as a lineman's safety belt to the men who bring you telephone service.

## Mobil Station Goes In At Casa De Oro

Ground breaking ceremonies for the expansion of the Casa de Oro Mobil Service Station at Campo rd. and Bonita st. took place Mon., Feb. 5. Owners Reasie Lawrence and Art Dutton honored two longtime Spring Valley residents by having them turn the first shovels of dirt. The two honored are Frank Dutton (Art's father) and John Krumholz.

Reasie Lawrence has been at the same location for 17 years, the Mobil Station being the first business in the Casa de Oro area of Spring Valley. Lawrence has been active in many community projects to help promote progress in the area. He says he has seen Spring Valley grow into a thriving community.

The present Mobil Station will be dismantled when the new business is erected. The new building being built by Western Service and Equipment Co. of San Diego, will cost approximately \$26,000. Special features will be two lube bays with overhead lube equipment and a drive-through driveway. There will be a 16,000 gallon gasoline storage facility and all-concrete driveways.

**GROUNDBREAKERS** — On Feb. 5 the first shovels of dirt were turned over at Casa De Oro, proclaiming the expansion and modernization of the Mobil Service Station there at Campo and Bonita. As the new Chairman in the 37th District, Bear will attend meetings of the State Democratic Party in Los Angeles and San Francisco. ## Nagy To Seek Assembly Seat

John Nagy Jr. of Chula Vista, tax consultant and former owner of a Chula Vista business, announced his candidacy for the Democratic nomination for Assembly in the 77th District of San Diego county.

Nagy, 40, operated the Fairway Market from 1946, shortly after leaving the Marine Corps, until 1960. Since then he has been doing property tax research and is now a consultant to the Incentive Taxation Committee of California, San Diego, and the Tax Relief Association, Pasadena.

Nagy said he favors home rule in local property taxation in order to attract new industry and create jobs, and also to give tax reductions to homeowners. He said home rule

JOHN NAGY JR.

means giving cities, counties and districts the right to reduce or remove taxes on homes, buildings and personal property, a right they do not now have.

"Very few industrial states tax personal property," Nagy said, "and if California is going to be competitive and attract new industry which will create the new jobs we need, we must give our local taxing authorities the power to tax or not tax personal property."

Nagy said he will accept all speaking engagements offered, and will be glad to debate any other Assembly candidate in the 77th District.
